CAMEL-FALKLAND

La costante ricerca della perfezione incontra l'autenticità di nuove fibre che danno vita a filati raffinati, confortevoli e contemporanei. Da lontani e remoti deserti proviene la fibra di cammello, apprezzata per le sue proprietà termiche, si declina in filati cardati 100% cammello, dal look sofisticato e naturale, in mischia con il cashmere, per un connubio di lusso e morbidezza e nella versione bouclé. Dalle isole Falkland, terra nota per la sua incontaminata natura e ricca di numerosissimi allevamenti di pecore, proviene invece una fibra di lana leggermente rustica che dà origine ad un filato con un bellissimo effetto multicolour valorizzato ancor più nella profondità e luminosità dei colori melange.

Loro Piana's ongoing quest for excellence has led to the discovery of authentic new fibres, now crafted into refined, tactile, contemporary yarns. Hailing from distant deserts, and appreciated for its insulating properties, camel fibre has been woollen-spun to create a pure camel yarn with a sophisticated natural look, blended with cashmere for an experience of luxurious softness and bouclé version. The Falkland Islands, known for their unspoilt natural landscapes and numerous sheep farms, are the area of origin of a slightly rustic-looking wool fibre that makes for a yarn with a beautiful multicolour effect, whose depth and vibrancy come to the fore in beautiful melange shades.
